The website mainly showcases certain types of art, focusing on visual arts and the materials one may use for it. While this won't show all types of art, unfortunately, this will show quite a lot of them already, although not every single type and subtopic of a certain type of art. This website is essentially made as a “chamber” for information and materials to do certain types of art.

## **1. Homepage (Webpage 1)**

The homepage shows descriptions of Traditional and Digital Art. Letting the user pick which option they want to learn more about. Sending them to either the Traditional Art Webpage or the Digital Art Webpage.

## **2. Traditional Art (Webpage 2)**

This page shows a few types of Traditional Art.

## **3. Digital Art (Webpage 3)**

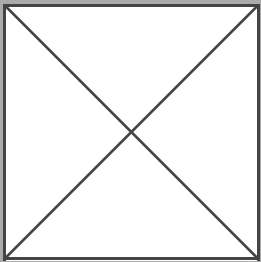

This page shows a few types of Digital Art.

## **4. Materials for Traditional Art (Webpage 4)**

This webpage showcases certain materials and links that may help someone with their digital art process. It would be categorized by the type of Traditional art shown on Webpage 2.

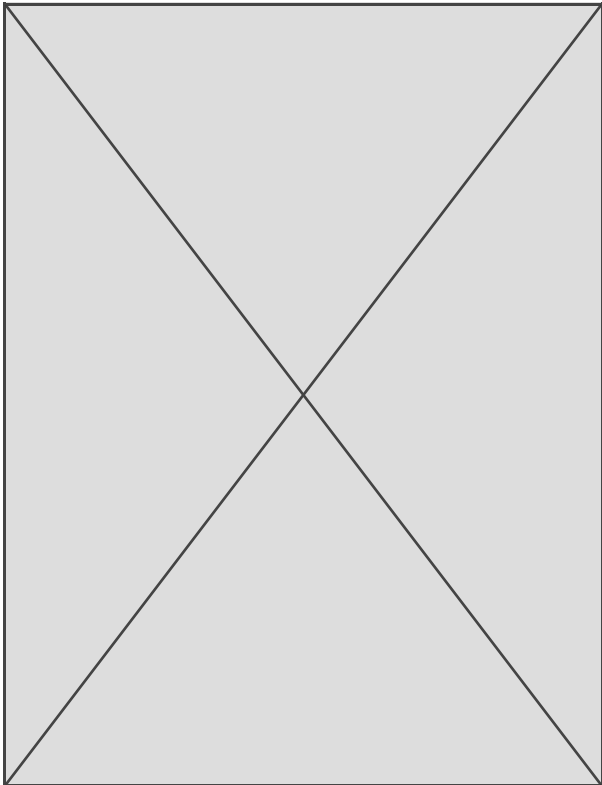

## **5. Materials for Digital Art (Webpage 5)**

This webpage showcases certain materials and links that may help someone with their digital art process. It would be categorized by the type of Digital art shown on Webpage
